

Custom Imagination

Your customized expression. We can reproduce any image you can imagine in a vinyl floor tile. Whether it's your company's logo, a custom pattern, or a floor mural with the image of your choice. LSI Floors has the ability to make one of kind tiles to suit you and your environment.

In order to see how your project would cost effectively works within our custom program. We would need the following information for your project.

- Size of project / number of square feet
- Type of project / pattern, logo, mural
- All art work on TIFF, EPS, Vector format files
- File size should be as large as possible, especially if murals are to be created

Standard tile sizes 12" x 12" for registered tile (match pattern from tile to tile) or up to 36" x 36" tiles for non registered tile (no match of pattern from tile to tile), up to 5000 square feet. Lead time is 90-120 days for ocean freight & 45-60 days for air freight + cost. Any larger amounts may have to be opened to a print roller, priced per project.
